

Smart Vending Machines

Refrigerator
or
Freezer
Version

The **UMAC3** machine revolutionizes automated retail with artificial intelligence and «Just Walk Out» technology.

Available in refrigerator or freezer versions, it adapts to all types of products: ready-to-eat meals, hardware, supplies, as well as frozen and deep-frozen items.

Its smart cameras detect selected items and automatically charge customers, eliminating the need for a checkout or human intervention. Compact and easy to install, it plugs into a standard outlet and operates via LAN or Wi-Fi.

With UMAC3, the future of automated retail is easily accessible anywhere.
